

New Source Review newspaper advertisements for construction permit applications, January 24, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: January 22, January 23, or January 24, 2008. Public notices are generally published every two weeks. The previous publication of public notices was January 10, 2008.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is EQ Mobile Recycling Services, Inc. with a mailing address of 540 Independence Blvd, Mt. Airy, NC 27030. They seek to obtain an air contaminant permit (Division identification number: 01-0238-01/61628) for construction of a Solvent Recovery Operation at Omega Cabinetry, 1709 Lake City Highway, Clinton, TN 37716. This proposed operation would consist of a portable liquid separation unit used to recover a target solvent from the liquid waste generated by Omega Cabinetry. A diesel generator would be used to power the unit. Heat energy would be applied to the liquid waste to vaporize the target solvent. The target solvent vapor would then be condensed and stored for reuse at the site. Because of the amount and type of emissions, no pollution control equipment is proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. D. Logsdon is the assigned Division person.

For Anderson County *Oak Ridger* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Renfro Charleston, LLC with a mailing address of PO Box 2190, Cleveland, TN 37320. They seek to obtain an air contaminant permit (Division identification number: 06-0231-01/60997) for a 1966 Continental 14.65 MMBtu/hour gas fired Boiler located at 4405 Michigan Avenue Road NE, Cleveland, TN 37323. This existing operation consists of equipment used in the production of socks. The hourly use of the boiler will be limited as a means of pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Doug Wright is the assigned Division contact.

For the Bradley County *Cleveland Daily Banner* -- published once on or before Thursday, January 24, 2008.

---

The applicant is MAPCO Express #3208 with a mailing address of 830 Crescent Centre Drive, Suite 300, Franklin, TN 37067. They seek to obtain an air contaminant permit (Division identification number: 11-0078-01/60016) for a Gasoline Dispensing Facility at 111 Luyben Hills Road, Kingston Springs, TN 37067. This existing operation consists of three (3) underground tanks. A Stage I and Stage II vapor recovery are used for gasoline emission control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. W. Collins is the assigned Division person.

For the Cheatham County *Ashland City Times* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Hughes Trailers Of Jackson, LLC with a mailing address of 1773 HWY 88, Alamo, TN 38001. They seek to obtain an air contaminant permit (Division identification number: 17-0052-01/61548) for operation of a Surface Coating Operation at 108 Sullivan Drive, Bells, TN 38006. This existing operation would consist of two-paint booths and associated equipment used to surface coat utility trailers. Exhaust filters are used for air pollution control equipment. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Sarosh Kaiser is the assigned Division person.

For the Crockett County *Crockett Times* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Sherwood Mining Company, LLC with a mailing address of P.O. Box 98, Vandalia, OH 45377. They seek to obtain an air contaminant permit (Division identification number: 26-0106-02/61632) for installation of a crushing and screening operation at Highway 56 / 9881 Sherwood Road, Sherwood, TN 37376. This proposed operation would consist of a portable KP-JCI FT4250 crusher powered by a 400 HP Cummins diesel engine and a portable Spyder 516T screen powered by a 110 HP Cummins diesel engine. Wet suppression would be used for pollution control. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Franklin County *Herald-Chronicle* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Holston Army Ammunition Plant, Kingsport, TN with a mailing address of 4509 West Stone Drive, Kingsport, TN 37660. They seek to obtain an air contaminant permit (Division identification number: 37-0028-44, -45, -46, -47, -48, 63, -64, -65/61638) for modification of existing Nitric Acid Concentration Processes located at the same address. These existing operations are made-up of several condensers, evaporators, coolers and associated equipment used to remove H<sub>2</sub>O from Nitric Acid. The requested modification is to limit their Nitrogen Oxide (NO<sub>x</sub>) emissions below the threshold of Best Retrofit Technology (BART) by using a new emission factor. Several absorption towers and steam jets are used as control devices. There would be no physical construction. Regulated air pollutants are emitted by this source. Mr. Moe Baghernejad is the assigned Division person.

For the Hawkins County *Rogersville Review* -- published once on or before Thursday, January 24, 2008.

---

The applicant is MAPCO Express #3317 with a mailing address of 830 Crescent Centre Drive, Suite 300, Franklin, TN 37067. They seek to obtain an air contaminant permit (Division identification number: 75-0326-01/60224) for a Gasoline Dispensing Facility at 2924 Franklin Road, Murfreesboro, TN 37129. This existing operation consists of three (3) underground tanks and thirty-six (36) gasoline nozzles. A Stage I and Stage II vapor recovery are used for gasoline emission control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. W. Collins is the assigned Division person.

For the Rutherford County *Daily News Journal* -- published once on or before Thursday, January 24, 2008.

---

The applicant is LifeStyle Development, LLC with a mailing address of P.O. Box 997, Kingsport, TN 37662. This company seeks to obtain an air contaminant permit (Division identification number: 82-0420-01/61604) for construction of an Air Curtain Destructor located at Gold View Drive/Island Road, Kingsport, TN 37664. This proposed operation would consist of a trench type air curtain destructor (incinerator) used to incinerate trees and brush waste. Because of the amount and type of emissions, the use of air pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For Sullivan County *Kingsport Times-News* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Tennessee Container Services, Inc. with a mailing address of P.O. Box 427, MT Pleasant, TN 38474. They seek to obtain an air contaminant permit (Division identification number: 91-0076-01/61539) for operation of a Surface Coating Operation at 108 Industrial drive, Waynesboro, TN 38485. This existing operation would consist of a spray booth and associated equipment used to surface coat 55-gallon steel drums. Exhaust filters are used for air pollution control equipment. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Sarosh Kaiser is the assigned Division person.

For the *Wayne County News* -- published once on or before Thursday, January 24, 2008.

---

The applicant is Winn Materials, LLC with a mailing address of 800 Barge Point Road, Clarksville, TN 37042. They seek to obtain an air contaminant permit (Division identification number 63-0138-01/61626) to modify an existing Rock Crushing operation at 800 Barge Point Road, Clarksville, TN 37402. This operation consists of crushers, screens, conveyors, crushed limestone stockpiles and associated equipment to produce crushed limestone aggregate. The requested modification is to upgrade capacity of existing crushing equipment and increase annual production limit from 1,350,000 to 2,500,000 tons. Wet suppression would be used for pollution control. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Montgomery County *Leaf-Chronicle* — published once on or before January 24, 2008.
